On new page 17 following the claims, please insert the following:

Abstract of the Disclosure

In a telecommunications device a number or address is selected from a stored list for initiating a call or sending a message from the telecommunications device to the number or address. The list includes names and one or more numbers and/or addresses corresponding to each name. At least some of said stored names are displayed, and one of the displayed names is highlighted. The highlighted name is displayed together with a default one of the one or more numbers and/or addresses corresponding to the highlighted name.
